

Changes to SLN values for specific aims in 2011/12 funding

The YPLA has agreed changes to the SLN values for some individual learning aims, based on analysis of the ILR data from 2009/10.

- 87 learning aims will have a change to their SLN value (change to listed value).
- 17 learning aims that were unlisted in 2010/11 have sufficiently consistent data to have a listed rate set (change from unlisted to listed).
- 18 learning aims had inconsistent glh data in 2010/11, and will change from listed to unlisted to reflect this (change from listed to unlisted).

These changes are detailed below.

Changes to SLN values for ITQ aims in 2011/12

The YPLA has agreed changes to the SLN values for some individual (QCF) ITQ learning aims. A recent review determined a set of consistent 2011/12 funding rates for groups of (QCF) ITQ learning aims that are clearly identified as being identical, if not similar.

Where a (QCF) ITQ learning aim was deemed to be significantly different from any of the clearly identified groupings then the general process for assigning SLN values for new learning aims (Figure E1 – Funding Rates and Formula) was applied.

The changes to individual (QCF) ITQ learning aims are detailed below.
