Buttercups builds up UK skills set

Buttercups Training in Nottingham has invited students throughout the East Midlands to take part in a series of pharmacy services master classes to help raise their game and enable them to take on the rest of the world at UK skills events.

Patient Counselling Skills is just one of over 60 master classes to be held across the East Midlands on 14 May 2008, with the rest planned over the coming months. The aim is to inspire talented young people to improve their vocational skills and learn about specialist opportunities in their chosen careers.

Hosted at **Buttercups Training, Keyworth**, the class is open to young people already demonstrating an interest in patient counselling or pursuing an Apprenticeship in the pharmacy services. Each student will experience first-hand demonstrations and one-to-one support by expert tutors. The learners chosen to attend the master class will gain an insight into the skills required to work at the highest levels in their profession.

Emma Seton, principle pharmacist at Buttercups Training, said: "I am delighted that we are bringing master classes to Buttercups. This event will provide local trainees with an opportunity to showcase their newly gained skills and I am sure that they will enjoy the challenge. The students will have the opportunity to gain a greater understanding of the industry."

The programme of UK Skills master classes is funded by the Learning and Skills Council; Nottingham area director, Mick Brown, said: "The UK participates in prestigious vocational skills competitions and it is hoped that some of these learners may have the opportunity to compete at a national level in the UK World Skills competitions or to represent our country at the next World Skills event in 2009. These master classes can be a stepping stone to global competitions and are an exciting opportunity for young people."

Learning and Skills Council (LSC) exists to make England better skilled and more competitive. We are responsible for high-quality education and training for everyone. We have a single goal: to improve the skills of England's young people and adults to world-class standards. Our vision is that young people and adults in England have knowledge and skills matching the best in the world and are part of a truly competitive workforce. We work nationally, regionally and locally to deliver this ambition on behalf of learners and employers. www.lsc.gov.uk

UK Skills is a not for profit organisation which champions skills and learning for work through competitions and awards. The organisation was established in 1990 with the primary purpose of raising skill levels in the UK through skills competitions and managing the UK team, which competes in the WorldSkills competition. In recent years we have widened the scope of our operations to include management of the National Training Awards and organising of skills related events. www.ukskills.org.uk

The master classes are open to a selection of trainees from across the region. There is also information on all local master classes - that range from motor engineering at Silverstone race track to beauty therapy with some of the UK's top hair stylists. www.fcte.co.uk
