Apprenticeships ... A Great Idea for Business

Introduction

As an employer you already know that training your workforce is a good idea, but Apprenticeships are even better they're a great idea!

The Apprenticeship programme is a proven way of training young people to develop the skills your business needs. Your involvement is also a way of demonstrating your commitment to staff development.

For an overview of Apprenticeships - what they are, how they work and, most importantly, how they can benefit your business - please ask for a copy of the **Apprenticeships ... A Great Idea for Business – Employer's Guide 2008**, which is available from the Learning and Skills Council (LSC) North East. Call **0845 019 4181** to order your copy.

Please note: The learning provision listed in this publication was correct as at October 2007, however is subject to change.
