What courses are eligible?

Courses for intermediate and technician levels are eligible. These are described as full Level 3 qualifications and include an NVQ 3, two 'A' levels, a BTEC National Diploma or an Access to Higher Education Course.

Why is a Level 3 qualification important?

Evidence shows that those who have achieved a Level 3 qualification typically earn more than those who haven't. You'll need a Level 3 qualification to help you get on in today's competitive market and improve your job prospects.
