

Course Title:

Environmental Business Support in the South West
Tuesday 11th November

Duration:

10.00 for 10:15 Start – Finish around 15:30 : Lunch included.

Who should attend?

Brokers and anyone with client contact

Why should you attend?

To understand the:

Current and proposed landscape for environmental support – a growth sector
Array of support, changes in provision and the role of BL
Support available through the BL Environmental Business Support Coaches
Opportunities available to your clients including subsidised training; interest free loans and future voucher scheme.
Overview of environmental / energy and transport issues relevant to your clients, these issues can give you an opportunity to make a BA referral or more.

Course Outline

We have brought together three external speakers:

Paul Gilbert – Regional Manager Envirowise
Darren Trotter – SAFED
Simon Forsythe – Abricon (Environmental consultancy)

We are also trying to find speakers from the energy efficiency and SWMAS initiatives.

EB – The National and RDA perspective
BL's role and targets
How this links to TTG

Brainstorm Session

Opportunities for clients and IAs – can we gather knowledge on the various types of environmentally related training out there e.g. waste; EMS; SAFED

Making it count – a SHORT session on the mutual benefits of making environmental referrals.

PG – Resource Efficiency; Supply Chain – link to training needs
DT – Safe and Efficient Driver Training – subsidised offer for Van fleets
TBC – Energy efficiency – interest free loans, staff training and/or SWMAS
GN – BS8555 and ISO14001 training needs and opportunities
