### **Description of Activity (in 500 words)**

The Armstrong Learning Group has the knowledge, skills and capability to support individuals with multiple/diverse barriers to job entry. We have been a provider of welfare to work services since 2003. Our longstanding track record includes Work Programme, Flexible New Deal, New Deal FTET, Gateway to Work, New Deal for Musicians (national contract to deliver NDfM across England) and Mentoring provision.

Access to Music, a wholly owned subsidiary of Armstrong Learning, is the UK's leading designer and provider of popular music education, training and consultancy. We have a national coverage and operate from a series of centres across the UK. In addition to providing music and creative industries vocational training, our provision equips our learners with valuable life skills which can be transferred to any occupation.

### **Key Strengths**

- **Flexibility of delivery** – ability to deliver in local establishments and provide continuity of provision through the gate via our network regional centres.
- **Creativity** – experienced in using music and the creative industries to engage participants in provision (e.g. NDfM, Access to Music and SFA ESF NEET contract)
- **Employability Skills / Job Clubs (individuals with less than 12 months to serve)** – devise negotiated individual action plans (incremental objectives, step wise progression). Individuals gain confidence and motivation as milestones are achieved. Provision would include a range of specific return to work modules (tailored to QCF accredited provision), for example:
  - **Realistic jobs** – Develops awareness of learners understanding of barriers to learning and progress/employment, encourages learners to identify own skills and strengths in order to prepare them for their desired progression route.
  - **Effective job search** – Identify transferable work skills, assess own employability skills and strengths from past experiences, check the skills required for advertised local jobs
  - **Finding and securing employment** – Understanding the importance of completing application forms effectively, identify and understand the associated language found on application forms, recognise the common errors made when completing application forms, generate awareness of the importance of an effective and confident telephone manner in work situations and for job search, ensure clients know how to prepare and act appropriately at a job interview, CV writing, demonstrate awareness of perceptions and impact of verbal and non verbal communication
  - **Skills for work** – Time management, interpersonal skills, communication, teamwork, problem solving
  - **Motivation and confidence building** – Providing an awareness of the importance of goal setting and the importance of motivation in securing employment
- **Innovation** – use specialist Mentors to engage with and retain customer involvement. We are a Mentoring and Befriending Society approved provider. Mentors provide 1:1 support and encouragement and give the mentees the confidence to achieve their goals. Our trained and experienced mentors provide empathy and understanding; they are experienced in drilling down to identify the key issues to be addressed before the individual can progress into sustained employment.
- **Continuity** – Deliver Job Club / employability provision in each establishment, ensuring that individuals have the skills and mindset required to secure employment upon their release. Training will be provided on the skills required for a comprehensive job search including: compilation of a curriculum vitae, how to undertake a structured job search, how to complete application forms, how to write speculative letters and improving and developing selection interview techniques. We will help individuals to identify local job vacancies.
- **Post Release Support & Tracking** – Our customised in-house management information system

could be used to track participants following their release. This will provide comprehensive information on the number of ex-offenders who secure and remain in employment. The individuals would receive continued supported from our team of mentors via a freephone number. SMS and tele-mentoring provides easy access, two-way communication and support, particularly at time of crisis.

- **Self Employment Advice** – We are experienced in providing self-employment advice and guidance. Armstrong Learning was the New Deal for Musicians prime contractor across England. Self employment was one of the key routes into employment for NDfM customers, ~30 per cent of outcomes were into self employment.

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Description of activity (in 500 words)</b>	
<p>Back on Track has been working with offenders in Greater Manchester (both on probation and in prison) since 1977. We provide broad-based learning and skills services. We are regularly in HMP Manchester and HMP Buckley Hall, and have been contracted by Probation and The Manchester College to provide offender learning services.</p> <p>We are particularly interested in working on through-the-gate elements of the OLASS work (planning for release, release process, post-release)</p> <p>Training provision:</p> <ul style="list-style-type: none"> <li>- Literacy and numeracy assessments and training</li> <li>- Arts and crafts</li> <li>- Introductory vocational training (e.g. intro to catering and hospitality)</li> <li>- Computer skills</li> <li>- Soft skills embedded into other topics</li> </ul> <p>We offer both accredited and non-accredited training. We have our own training centre (central Manchester) and also work from satellite locations across Greater Manchester. We use a 'roll-on, roll-off' approach (i.e. it's possible to start a course at any time) which is particularly suitable for offenders on release, and we provide progression support into mainstream opportunities / employment,</p> <p>IAG support – we are a matrix accredited provider of IAG</p>	

Mentoring – we hold the national quality standard for mentoring and befriending services (the Approved Provider Standard)

Work experience / volunteering – we run very successful programmes to engage offenders in voluntary work and progress to longer term work experience.

<b>Description of Activity (in 500 words)</b>	
<p>Blackburne House is women's organisation located in and primarily serving one of the most socio-economically disadvantaged communities of the UK: Toxteth, in inner-city Liverpool, often referred to and known by its post-code, Liverpool 8. This is a largely black and minority ethnic area, with a rich mix of faiths and cultures ... so our social impact is specifically on the groups and communities the majority of organisations fail to impact upon with their services, whether defined in terms of gender equality, social disadvantage, ethnicity, culture or faith.</p> <p>There are two distinct sides to Blackburne House: Blackburne House the provider of education, learning and skills programmes for women and Blackburne House the women's enterprise development organisation. The distinctiveness of our social impact and its intensity is really down to the combination of these two aspects of our organisation: education and enterprise, or more specifically in terms of social impact, education through enterprise.</p> <p>We have been delivering Skills Funding Agency/LSC and other programmes since 1983 to many thousands of women, many of whom would not have engaged with programmes in the mainstream sector, for example at an FE college. We have around 800 learners per year at our Women's Technology Training Centre (Blackburne House Education), and this figure rises to over 1,200 when considering our various other enterprise programmes, such as our School for Social Entrepreneurs and Brava Design. The scope of our work includes vocational education and training for young and adult women across a wide range of areas, including Construction, Health, ICT, Housing, Leadership, Teacher Training, and English for Speakers of Other Languages (ESOL) and innovative programmes such as our CANDY course for</p>	

young women who are hardest-to-reach.

We have developed services and businesses using our innovative approach of education and training through enterprise:

BH Maintenance Women's Social Enterprise

Women's Construction Training Academy

Business and Enterprise Course for Young Women: The group won Best Product Award in the Young Enterprise North West competition, beating some of the schools from which these young women had been excluded.

Contracts with the UK Border Agency for the integration of migrant women into British society

We lead/are the accountable body for a number of groups: the Merseyside Voluntary Organisation Learners' Association (VOLA), the Lone-Parents' Forum and, nationally, our Chief Executive, Claire Dove MBE DL, Chairs the Social Enterprise Coalition.

We have been formally recognised as one of the most influential social enterprises in the North West, having been awarded the nationally recognised Social Enterprise Mark. Launched in February 2010, which recognises businesses that meet highly defined criteria of social enterprise, high standards of sustainable business practice and offer a benefit to their community. Another winner in the North West to receive this award is Cooperative Group; Manchester.

<b>Area of Activity</b>	Education & Skills Training
<p><b>Description of Activity (in 500 words)</b> BEST Ltd is a Middlesbrough-based SME education and training provider, serving the Tees Valley and beyond. BEST Ltd began trading in August 2009 and since then the company has built a reputation for delivering high-quality school-based tuition programmes in both English and Maths. Our tuition programmes are designed to help underachieving students make progress in these key curriculum areas.</p> <p>Our success can be attributed to our talented and experienced staff. Individually and collectively, they bring a wealth of teaching skills, experience and expertise to BEST Ltd. Our teachers are fully qualified and vetted with:</p> <ul style="list-style-type: none"> <li>• a PGCE, Cert. Ed. or equivalent;</li> <li>• a clean Criminal Records Bureau (CRB) check;</li> <li>• years of teaching experience across the 11-16, post-16 and adult sectors;</li> <li>• relevant vocational experience where applicable.</li> </ul> <p>As experienced teachers, our staff:</p> <ul style="list-style-type: none"> <li>• have successfully taught programmes of study at Entry Level, Level 1, Level 2 and Level 3;</li> <li>• are skilled at delivering individual, paired, small-group and whole-class teaching;</li> </ul>	

- have taught across the full age and ability range, including disadvantaged learners and those with learning difficulties;
- can collectively offer a broad range of additional subject specialisms (such as Science, History, Geography, Psychology, Drama and Art, and more vocational academic subjects such as Business Studies, Travel and Tourism and Law).

Accordingly, we believe BEST Ltd has the necessary capacity and capability to successfully deliver a range of services under the OLASS Phase 4 provision. In particular, we would welcome the opportunity to sub-contract provision in the following areas:

- providing initial assessment for Literacy, Numeracy and ESOL needs;
- delivering basic and functional skills qualifications in Literacy, Numeracy, ESOL and ICT (either as stand-alone or embedded qualifications);
- supporting basic skills for the core 'out of scope' areas;
- developing the employability skills of prisoners;
- delivering Ofqual regulated qualifications at Levels 2 and/or 3 per the subject specialisms of our staff;
- providing opportunities for prisoners to learn the business skills needed for self-employment;
- delivering informal adult learning programmes.

Naturally BEST Ltd would not wish to exclude themselves from delivering other areas of provision. We would, therefore, be pleased to discuss any such additional areas with Lead Providers.

If you would like to arrange a free 'no obligation' meeting to discuss how BEST Ltd could help your organisation deliver your contracted OLASS provision, please do not hesitate to get in touch using the contact details listed above.

May we take this opportunity to thank you for your time and consideration of the opportunities afforded by BEST Ltd. We look forward to hearing from you.

<b>Area of activity</b>	<b>Construction Vocational Training</b>
<b>Description of activity (in 500 words)</b> Carillion is a major construction services firm and also operates a national network of training centres, delivering training and assessment to young people and unemployed adults. Carillion is also the largest employer of apprentices in construction. We are able to deliver outreach training to offenders in secure establishments and bespoke training courses at one of our training centres. All Carillion centres are fully equipped and staffed with experienced trainer/assessors.	

The centres can offer or support a range of courses in the main building trades and specialist occupations, the centres are fully accredited to deliver level 1,2 and 3 QCF diplomas and level 1, 2 and 3 NVQ's.

Carillion is the main training partner for the Princes Trust 'Get into Construction' programme and we are experienced in delivering short courses to prepare young people, with challenging backgrounds and behaviours, for jobs in the construction industry.

With the support of our operating businesses and internal labour/recruitment agency, we are able to access employment opportunities and progression onto apprenticeships, particularly for younger offenders.

<b>Area of Activity</b>	Theatre based education interventions with women offenders
<b>Description of Activity (in 500 words)</b>	
For this contract, Clean Break can provide arts based education (theatre and writing) to women in prison through residencies and workshops, and to women leaving prison through our London based theatre, education and training programme.	

Our driving belief is that theatre and drama makes a meaningful difference to the lives of women offenders and women ex offenders. Through our 32 years of experience, we have shown that the theatre provides an excellent route into women's untapped potential, and are particularly relevant and accessible to marginalised and excluded learners who have failed in, and been failed by, formal education settings. Recent research conducted with New Philanthropy Capital demonstrated savings of £6.90 for every £1 invested in Clean Break through reduced re offending and increased economic activity.

### **Prison Residencies and Workshops**

We have run numerous award winning residencies (Koestler Bronze Award 2011, Koestler Gold Award 2010) in prisons, using theatre and writing to work with and educate women in prisons across the UK. We reach approximately 400 women a year in prisons through our residencies and workshops.

The aims of residencies are to:

- generate material that is relevant and exciting and that the prisoners can relate to.
- develop relevant artistic skills (writing, performing etc)
- enable every member of the group to have a role and to contribute
- increase the soft skills (including group work skills and self confidence) of participants
- improve life chances for women by offering internally and externally accredited qualifications and progression opportunities.

We inspire the prisoners through theatre and writing using Clean Break's extensive track record of engaging this "hard to reach" client group. Prison staff at HMP Askham Grange, where we conducted a recent residency, observed that our work 'enabled each individual to have a sense of achievement' (staff member, HMP Askham Grange July 2011).

The prisoners also talked about the value of the work in their feedback:

- 'I could see the difference in other group members'
- 'I can read off script and have confidence in my work.'
- 'Thank you for helping me believe in myself.'

### **Resettlement Work**

We work intensively with around 100 women offenders / those at risk at our London based studios, including those recently released from prisons into the London area and women on ROTL from London prisons. We have a wide programme of courses ranging from Self Development courses to accredited performance based courses (OCN Level 3). All women on our courses receive holistic one on one support from experienced staff and travel and childcare expenses to facilitate their learning. In addition we support approximately 20 women a year to move into supported long term volunteering with arts organisations. We have enormous success moving our women onto meaningful activities - of our last cohort of graduating students, 71% were in further education, long term volunteering placements or work six months after leaving Clean Break. Additionally, of the New Philanthropy Capital sample group, 66% were confirmed to have not re-offended nine months after leaving (the remaining 33% were not in contact with us).

<b>Area of activity</b>	<b>Course in Money Management</b>
<b>Description of activity (in 500 words)</b>	
<p>The company has a 20 year background in Financial Services. For the last eight years I have been delivering a course in Money Management to TNG's around the North West. It is a bespoke Level 1 Finance Course and is nationally accredited by NCFE. The course covers six units:</p> <ol style="list-style-type: none"> <li>1. Budgeting and cashflow</li> <li>2. Mortgages and loans</li> </ol>	

3. Profit & Loss accounts and balance sheets
4. Savings and investments
5. Pensions and insurance
6. Basic principals of finance

At the end of the course the clients sit an exam to prove their understanding of the subject matter and certificates are provided.

It is a Level 1 Qualification and all we are trying to do is give the clients a basic understanding and knowledge of financial matters.

The course has proved very popular with TNG's all over the North West and I would like to deliver the course on a wider scale.

<b>Area of Activity</b>	Professional, commercial craftwork to build employability skills

**Description of Activity (*in 500 words*)**

Fine Cell Work is a social enterprise which trains prisoners to do high quality, paid craftwork in their cells to improve mental health, build employability skills and motivate them to engage with learning outside of a normal educational environment. FCW works with 420 prisoners annually and is geared to long-term, male and female, high risk offenders who stay on the programme for two to ten years. They are encouraged to save a nestegg for themselves or support their families, and to develop the technical skill and personal discipline to execute professional commissions done to deadlines.

Prisoners on the programme work for 20-40 hours a week in their cells. They make hand-embroidered quilts, cushions, clothes, rugs and furniture covers which are sold to the top of the market: museums, interior designers and the general public.

FCW has a track record of 15 years of steady and substantial growth as a social enterprise, and a staff team who are highly experienced in training prisoners to create high quality craft products for a commercial market.

A recent evaluation stated the programme

- Promotes calmness and concentration
- Provides prisoners volunteering for FCW with experience of managing teams and developing people
- Gives prisoners an opportunity to gain respect and a sense of achievement
- Is therapeutic and helps with mental disorders
- Provides a positive focus during a long sentence
- Provides 'a keyhole' to the outside world and non-criminal life
- Offers a 'new' identity and hope for the future

## Fine Cell Workshops

Our aim is to enable prisoners to gain motivation and “work-readiness” through the creative experience of cellwork and to follow on with further employment preparation through gaining accredited skills in workshops.

Fine Cell Workshops are like a small, family business or “Studio” with prisoners engaged in meeting targets for the production of a range of soft furnishings items, as well as in stock taking, tracking orders, generating monthly reports and meeting deadlines for professionally commissioned work. Prisoners also engage in group-work on large-scale commissions: examples include a quilt for the V&A, furnishings for English Heritage and a firescreen for Virgin Radio.

Accredited courses taught in FCW workshops include level 1 and 2 certificates in Soft Furnishings and Traditional Upholstery, as well as Level 1 to 3 Awards in Creative Craft. Prisoners continue to do cellwork alongside workshop training so the training is in a new and productive, “busy” way of life.

The strength of Fine Cell Work is that it enables prisoners to develop pride in a “corporate,” non-criminal identity associated with high quality products that are valued by external customers. This increases prisoners’ motivation to learn and grounds education provision in a credible employment setting.

Prisoners doing FCW are known for their can-do attitude:

“You hope people realize you are making a worthwhile product; something someone, somewhere appreciates. It’s something to do, but it gives you contact with the outside world, giving something back as well., There must be a more constructive way of spending £44k of taxpayer’s money yearly keeping us locked up wasting away. There’s so much more I could be doing.”

“I have seen people who’ve never done this sort of thing before, and as they’ve finished their first piece of work, they’re really over the moon that they’ve managed to finish something, or create something for the first time.”

“I like a deadline to work to. I enjoy doing commissions because you take more pride in what you are doing”

“I say ‘If it can be done I’ll do it, if it can’t be done I’ll try.’”

The quality of the product and programme can be viewed on [www.finecellwork.co.uk](http://www.finecellwork.co.uk)

<b>Area of activity</b>	<b>Accredited Vocational Training, IAG, Mentoring, Volunteering, Through the Gate, Real Employment Opportunities</b>
<p><b>Description of activity (in 500 words)</b>  <b>Fusion21 'Through the Gate Approach'</b>  <b>Accredited training and skill development programme: HMP Liverpool</b>  Fusion21 currently provides City &amp; Guilds accredited training (construction skills and horticulture) in HMP Liverpool to support the competitiveness of offenders prior to release, and following release continues to offer support through a voluntary placement programme and access to permanent positions through the use of Fusion21's Employer Pool.  The skills programme offer provides the opportunity for inmates to gain accredited qualifications and develop employability skills.  The construction skills programme targets 180 man per year runs for a period of 10 weeks with an introduction to City &amp; Guilds. The qualifications cover essential skills in the following construction trades: bricklaying, site carpentry, plastering, painting and decorating, flooring, wall tiling and plumbing). The introductory qualification does have the facility to be built upon increasing the skill/qualification of the participant. The qualifications on offer also fit requirements expressed by future employers (Registered Social Landlords and construction sector etc).  The Fusion21 workshops at the prison promotes a training environment, with inmates entering as 'trainees', required to wear Fusion21 training clothing and to conduct themselves in manner consistent with that of an outside training establishment.  Through the gate activity.  Due to Fusion21's experience (in training and employment) and our partnership arrangements those inmates who for whatever reason experience a disruption to their training/accreditation course they will have the opportunity to complete their training at the Fusion21 centre.  While at the centre trainees will have the opportunity to experience support from trained instructors, ability to engage in the centre's voluntary placement programme, 'foot in the door' (giving them the opportunity to experience the world of work), and ability to apply for vacancies identified through the Fusion21's Employer Pool. Following completion of the programme(s) trainees will continue to receive (where appropriate and required) support through the centre's mentoring programme, and for those employed through the Employer Pool they will be tracked for a period of two years  As well as the established programme in HMP Liverpool we are currently involved in discussions with HMP Kennet &amp; Styal regarding the training and skills package.  <b>About Fusion21</b>  Fusion21 is a social enterprise which utilises social clauses in procurement contracts to identify and sustain full time employment opportunities.</p>	

Established in 2002 Fusion21 has created 854 permanent positions, primarily within the construction sector, through the introduction of a levy. The levy requires contractors to create one and a half permanent job for every £1 million of contract value.

The employment provision is managed by Fusion21's training and employment services. Analysis of the 854 jobs created identified that over 300 are known offenders (sentenced through the courts to either a custodial or community based sentenced).

Reducing re-offending.

Given the experience of Fusion21 in working successfully with offenders, and following the publication of the Ministry of Justices green paper 'Reducing re-offending', the Fusion21 board supported a proposal to offer their expertise of the employment market to the prison service to support the skill and training provision of offenders on a formal basis.

Our head office is in Leeds, but we have premises in: Doncaster, Rotherham, Goole, Hull, Scarborough, Northallerton, Harrogate, Selby, Skipton, Preston, Blythe, Hexham, and Berwick-upon Tweed.

We hold substantial contracts with the SFA and have established Quality Assurance, Equality and Diversity, Health & Safety, Management Information and Environmental policies in place.

Given all of the above, we believe we would make an excellent sub-contractor in the delivery of OLASS4 and an organisation that would be instantly acceptable to the SFA.

I will be happy to discuss igen's offer with any potential Prime Contractor and to supply any additional details you might need.

<b>Description of activity (in 500 words)</b>	
<p>Joint Learning work in Partnership with CREATE who are an SME based in Speke Liverpool. We have worked alongside this company for three years supporting their employability programmes with NVQ's and Apprenticeships.</p> <p>Joint Learning have 10+ years experience of delivering training programmes and CREATE have 15 years experience of working with long term unemployed adults, many of whom have been, and still are ex-offenders.</p> <p>CREATE have experience of working within local prisons (HMP Liverpool and HMP Risley) and currently have a workshop established at HMP Risley where offenders refurbish washing machines and dryers. At the moment there is no accredited training associated with the tasks that offenders are undertaking and Joint Learning and CREATE are keen to develop the skills of offenders before their release from prison.</p> <p>Both companies wish to provide a pathway to employment through the delivery of an employability programme while offenders are still in custody. We plan to build on the existing infrastructure at HMP Risley by delivering the same programme across other local prisons (including female prisons). This will involve the development and implementation of workshops providing vocational training and employment experience in a real work environment.</p> <p>The training undertaken within the workshops will be pre-agreed with the individual prisons and will build on the existing work at HMP Risley. This work consists of offenders assessing</p>	

second hand kitchen appliances for the purpose of re-use or recycling. This enhances the offenders' technical ability, their ability to work within a team, and also their assessment skills and their ability to work pro-actively. This enables offenders to gain a work ethic, as well as a sense of pride and achievement. The offender ultimately has gained technical capability and soft skills to improve their chances of gaining sustained employment.

The programme will provide offenders with an accredited training award or certificate and will enhance their opportunity to gain employment upon prison release. Both companies would work closely with job search providers within the prison environment to promote the skills and abilities of individuals to external employers.

Upon release from prison both companies will continue to work with dedicated individuals resettling in the area by supporting them to find suitable employment and upon attainment of a job would work with the employer to deliver a full apprenticeship programme.

CREATE have a current working relationship with Merseyside Probation Trust through delivery of a sub-contract under the Achieve Northwest Programme. CREATE have been targeted to provide 40 job outcomes for 60 people in funded employment contracts between April 2010 and December 2011. To date CREATE have secured sustainable employment for 34 of the 40 people. They have considerable experience of working with offenders both within prison and community settings.

We aim to ensure offenders are supported in an appropriate manner and believe that this programme will provide opportunities for offenders that will significantly increase their motivation to integrate more effectively within their community. This will inevitably break the re-offending cycle that a significant number of offenders fall foul to.

<b>Description of Activity (in 500 words)</b>	As the local FE College for Haverigg, we currently have a very successful and developing partnership with the prison delivering level 2 qualifications on a roll on and off basis. These are delivered to an extremely high standard with outstanding success rates. We have a vast vocational offer which we can bring to this provision which includes construction, engineering, hospitality, horticulture, customer service, business administration and IT, sport and tourism and retail covering a wide range of qualifications from entry level to higher education all of which can be offered to this programme and can be flexible to meet the prisons and individual requirements including use of alternative delivery models. We firmly believe that the provision should

fit the learners full potential and their aspirations should be met.

We offer and support the full end to end learner journey from detailed diagnostic assessment through to employment/progression. In summary this includes the below which are each tailored to individual learner needs and delivery can be 1:1 or grouped and will take into full account priorities on release dates.

- Diagnostics, initial assessment and action planning
- Careers information, advice and guidance
- Employability skills
- Personal and Social Development
- Job search
- Skills for Life assessment and training and functional skills
- Vocational training including employer-led routeways
- Post release support signposting and “wrap around” services
- Apprenticeships
- Volunteering
- Mentoring
- Referral onto mainstream provision
- Referral into work placement/employment

We have extensive and mature partnerships with JCP, NEXT Steps and the probation service. Recently we were invited to a North West Offender network conference to showcase the recent Offenders in the Community Project (OIC). From our pilot programme we achieved an 83% progression rate into further learning and following this a 33% progression into employment.

We have an experienced account management team within the college who actively work with over 500 employers for training support, work experience, and assistance with recruiting new staff. We have recently supported over 300 local unemployed people with re-skilling programmes and, to date, approx 40% of these have gained employment. We deliver extensively within the college to hard to reach groups such as NEET, unemployed, young parents etc and therefore have a proven track record and experience of being able to support and achieve success utilising our wrap around services – eg - additional learning support team, advice and guidance, financial services support.

All our staff are CRB checked and fully qualified within their-expertise area – lecturing staff are required to complete the Certificate in Education and all assessors/verifiers hold the appropriate qualifications and are also encouraged to undertake PTLs, QTLs and certificate in education to ensure a high skills base.

The quality of our provision and contract management is assured via the following accreditations:

- OFSTED December 2010 - Overall Grade 2 with 11 outstanding features including Leadership and Management, Capacity to Improve, Partnerships.
- Matrix Advice & Guidance
- Investors in People
- Positive About Disabled People

<p>Lifetime would like to support the delivery of Apprenticeships to the target group and is able to offer a number of flexible delivery models. Lifetime currently delivers pre-apprenticeship programmes – Lifetime Academies - that could be adapted for delivery of this contract's required outputs/outcomes, and that offer a direct connection to prisons as places of work.</p> <p>Lifetime's Academy content is directly aligned to a L2 Apprenticeship framework and is delivered on a group and 121 basis via classroom, practical working environments and employer based activity. Academies offer participants transferable skills and career pathways with support to help them secure and remain in employment – enabling them to complete a full Apprenticeship. Academies currently move 80 per cent of learners into an Apprenticeship or Job Outcome. We offer Academies in Fitness, Early Years Care and Hospitality and each contain;</p> <ul style="list-style-type: none"> <li>• Vocational and Workplace behaviour training</li> <li>• Employability skills</li> <li>• Soft skills development including confidence and interpersonal skills</li> <li>• Mentoring</li> <li>• In-work mentoring</li> <li>• Level 1 Key Skills – communication and application of number</li> </ul> <p>Academy content has been informed and developed in response to feedback from employers about the need for multi-skilled staff. Academies will support offenders and ex-offenders to become flexible employees able to fill employers' skills gaps by providing training in team work, problem solving and customer service.</p> <p>Lifetime Tutors deliver the Academies and use an individualised and person centred approach to work with participants from a variety of backgrounds and characteristics, including ex-offenders and offenders. Lifetime have a staff resource dedicated to supporting each stage of the programme from offering impartial IAG through to employment and support onto Level 3 Apprenticeships. Delivery is designed to be flexible, maximising engagement, retention and positive progressions. Lifetime Tutors are supported by;</p> <p>Academy Relations Executives - develop partnerships with referral agencies. They offer impartial IAG to learners including CV clinics and interview role-play.</p> <p>Community Engagement Managers - support learners into employment and Apprenticeships by developing networks of employers and opportunities. Group and 1:1 surgery sessions will be held with learners, employers and support agencies to reduce barriers to reoffending and to maximise outcomes.</p> <p>Mentors - support the learner whilst on an Academy and into sustained employment by helping them to understand employer expectations. Mentors offer sector background and mentoring expertise; understanding and motivating learners. At employer sites where LFA participants have been placed or are working, Lifetime will train mentors to work directly with the participant and to provide in work support. These mentors will be existing employees.</p> <p>Learning Support Team – will address participants additional support and learning needs and provide enhanced IAG</p> <p>Lifetime is also offering Apprenticeship delivery as method of supporting sustained employment.</p>	

Where participants have been placed in employment Lifetime's team of Regional Trainers can support them to complete a full Apprenticeship. Lifetime has a direct contract with the Skills Funding Agency of over £20m in FY11/12 for Apprenticeship delivery enabling access to significant Adult skills funding. We operate across 7 sectors with Leisure and Fitness, Hospitality and Customer Service accounting for over 80per cent of total delivery – supporting the roles that offenders may undertake in prisons.

Lifetime is an Ofsted Grade 2 provider, is Matrix accredited, holds Investors in People and TQS parts A & B.

<b>Description of activity (in 500 words)</b>	
<p><b><u>n-ergy consortium</u></b></p> <p>The n-ergy consortium consists of three business units, n-ergy group, n-ergy source and n-ergy works. The three business units are involved with the education, training, IAG and the employability of offenders and ex-offenders.</p> <p>The key strategic aims for n-ergy consortium ltd in engaging with this group are therefore:-</p> <ol style="list-style-type: none"> <li>1. To strive to ensure that ex-offenders are not isolated economically and divorced from the mainstream socially</li> <li>2. To provide appropriate education, training and developmental programmes for ex-offenders to give them new skills and increased confidence which will make them more employable</li> <li>3. To provide support and guidance to offenders and ex-offenders when attempting to secure suitable employment</li> <li>4. To develop ex-offenders as individuals and provide them with skills to compete in an ever changing employment market</li> </ol>	

5. To help reduce reoffending by giving ex offenders skills for employment and helping them to contribute positively to their communities.

Below is a summary of the principal functions of the three parts of n-ergy consortium.

**n-ergy group ltd** delivers annually 2,000 vocational and 330 employability programmes to both offenders and ex-offenders, which helps develop the individual, giving them new skills and confidence to return to employment. n-ergy group ltd endeavours to provide a seamless service for this client group from custody into the community and then to employment.

**n-ergy source** is the recruitment division and has secured an employability contract to deliver employment programmes (The Way4ward Project) for offenders and ex-offenders in the South West. Further tenders have been submitted to deliver this and other services in other areas of Wales.

To enhance our seamless service from training the individual while in prison to the advice and guidance offered before they leave, and the securing of employment after they have left, n-ergy group has set up a separate but associated business unit which is a social enterprise to employ ex-offenders and offer them worthwhile employment. The work of n-ergy works is described below.

**n-ergy works** is a recently formed social enterprise and is driven by a social purpose which is to offer employment to one of the hardest to reach groups – ex-offenders. The organisation is currently in the process of bidding for contracts from both the public and private sectors in the areas of grounds maintenance, cleaning and general maintenance. Once secured, n-ergy works will employ ex-offenders returning or relocating to the community areas in which we have secured contacts. We will provide them with employment, a vehicle to further develop their skills, increasing their confidence and self-esteem which will facilitate progression to other employment and training opportunities either with n-ergy works or elsewhere.

To summarise:

- **n-ergy group** deliver vocational programmes to offenders in custody in Wales and England including all G4S and Serco managed prisons
- **n-ergy source** deliver employment support programmes in the South West prisons and in Wales (4 recruitment offices have been established in four prisons including HMP Parc, Bridgend)
- **n-ergy works** will employ ex-offenders on permanent contracts to deliver community based projects delivering cleaning and ground maintenance services

<b>Description of Activity (in 500 words)</b>	
<p>SOVA is a national voluntary organisation which champions social inclusion. Through over 240 staff, and more than 1,000 trained volunteers, we deliver 65 projects across England and Wales working with the most vulnerable and disadvantaged people in society. In the last financial year SOVA supported more than 8,500 people; providing everything from employability training and mentoring, to mediation and reparation services and care leavers' support.</p> <p>A registered charity and company limited by guarantee with a turnover of £7.78m in 2010/11, SOVA has been working to transform lives and improve communities for more than 35 years. Established through partnership with the Inner London Probation Service, SOVA began expanding through its work with social services in 1982 to recruit, train and deploy volunteers to offer support and advice within local communities.</p> <p>SOVA's aim is to inspire and support the people it works with to make positive changes to improve their lives and fulfil their potential. As a previous provider of OLASS services our model offers a solution that assists with improving offenders skills levels, along with the opportunity to move into sustainable employment. Our service offer is flexible, allowing prime providers to hand pick interventions as required.</p> <p><b>Case Management</b></p> <p>SOVA has considerable experience of case managing offenders in custody including projects such as PS Plus and NOMS CFO Phase 1. Our Case Management model includes initial needs assessment, followed by direct delivery of services, or referral to delivery partners for more specialist support and programmes. Our model extends beyond the gate to ensure offenders are supported in successful transition from custody to community.</p> <p><b>Employability</b></p> <p>SOVA has proven experience of helping long term unemployed people - especially offenders - into sustainable employment. We are an end-to-end sub-contractor for the Work Programme and are experiencing high degrees of success with engaging offenders and placing them into work. In addition our current NOMS CFO Yorkshire and Humberside programme is exceeding targets for helping offenders into sustained employment.</p> <p><b>Mentoring</b></p> <p>SOVA's network of community volunteers help individuals to lead purposeful and law-abiding lives with close support and supervision from paid project staff. We combine our tried and tested models to recruit and train offenders to deliver peer support in prison and we support the offender to successfully transition from custody to community. We focus on ensuring that offenders continue with community-based programmes of learning which will assist them to secure paid employment.</p> <p><b>Employer Engagement</b></p> <p>Building on existing links with local and national employers, SOVA can facilitate a relationship between employers and prisons; helping to quash stereotypical images of offenders and allowing offenders to showcase their talents and benefit from the experience and advice of the employer.</p> <p>SOVA's strengths include:</p> <ul style="list-style-type: none"> <li>• commitment to bring about positive changes for individuals and communities</li> <li>• established local, regional and national partnerships</li> <li>• participant-focused engagement and participation</li> <li>• participant-orientated distance travelled tool to monitor and support real individual progress</li> <li>• established reputation providing ETE services in the criminal justice field</li> </ul>

<b>Area of Activity</b>	Employability, Personal Development and Functional Skills
<b>Description of Activity (in 500 words)</b>	
<p>Sport 4 Life has a proven highly successful track record in the delivery of the pre-employment programme linked to the 2012 Olympic Games L1 Award in Preparation for Event Volunteering (Personal Best) in the North West region. All Sport 4 Life programmes use the power of sport to lift the aspirations of workless and excluded people on a regional basis.</p> <p>Learners complete this award which offers an NOCN accredited L1 award comprising of units in Developing Team and Interpersonal Skills, Volunteering in the context of events, CV and letter writing, interview techniques, equality and diversity, conflict resolution, customer care, public safety and emergency and fire awareness.</p> <p>Within the prison environment learners are empowered to organise and contribute to the events within the prison, many of them initiating and managing events themselves. Feedback from learners indicated that the presence of this programme within the prison has a wider impact on psychological well-being than to just those on programme, "It gave everyone on the wing a lift....."(Personal Best learner, HMP Forest Bank)</p> <p>Self-assessment of soft skill levels of learners who have previously completed this programme evidences a 52 per cent in overall skills, 63 per cent increase in confidence levels, 34 per cent improvement in organisational skills, 27 per cent communication skills, and 25 per cent improvement in team working skills. This makes this programme particularly suitable for prisoners who are not yet quite in state of readiness to access other programmes of learning or employment.</p> <p>Each learner on the programme is also supported by a Personal Best Advisor, who supports learners with the setting and attainment of short and long term goals, supporting them into positive progression opportunities for up to 6 months post programme. We keep an up to date and relevant database of apprenticeship opportunities and will pro-actively prepare and support learners for apprenticeships.</p> <p>On Sport 4 Life provision 81 per cent of learners achieve the award. 27 per cent have progressed into employment and 24 per cent into further education or training within 6 months of undertaking the programme. A further 47 per cent of remaining learners who complete the programme have progressed into volunteering opportunities within the community.</p> <p>We are a MATRIX accredited provider with a vast and diverse range of partners. Partnership working was identified as an organisational strength in our August 2011 MATRIX assessment ". They give us great feedback about our people"; "They understand our people well".</p>	

Sport 4 Life is currently an NOCN accredited centre and working towards 1<sup>st</sup> 4 Sport accredited centre status. We also offer Functional skills qualifications to Level 1 and NOCN progression qualifications.

To date 20 per cent of our learners are declared offenders or ex-offenders and 47 per cent have a learning difficulty, disability or long term health condition.

<b>Area of activity</b>	Self-Employment support and funding for Offenders/ex-offenders

**Description of activity (in 500 words)**

Startup work with offenders and ex-offenders to support them with self-employment. This is done through advice sessions, one to one business support with a business advisor and funding for materials and equipment. We also have a dedicated Peer Mentoring service to support clients post funding.

We have run several projects and programmes where Startup work with prisons and the probation service to support ex-offenders into self-employment. We do this through:

- Startupnow days
- One to one business advice
- Business Plan development
- Purchasing equipment
- Peer mentor support
- Access to an accountant and insurance for the first year
- Website design and marketing

We ran a Startupnow day at HMP Holme House and saw 12 men in which 4 successfully went on to become self-employed. The businesses were: Cleaning, Plumbing and 2 Motor car businesses.

**Womens Project 2010-2011**

Startup's current project was funded to work with female offenders and ex-offenders. We currently work with all the female estates where we gain much of our referrals. In 2010-2011 we have worked with 240 women who were referred from prison, probation and community organisations. We went on to work with 120 of those who were still interested in self-employment and had a business idea they wanted to develop and then went on to fund 60 women to become self-employed who chose that self-employment was the best option for them. We have a 0% reoffending rate from those women that were funded.

The women are supported for one year with access to a business advisor, an accountant and support with insurance. They have access to the Peer Mentor Manager who runs sessions in the community to allow women to support one another. Here the sessions range from informal drop in clinics to formal sessions on marketing, accounts and IT.

The businesses include:

- Cleaning
- Beauty Therapists
- Catering
- Events management
- Hairdressing
- Photography
- Videography
- Training Companies
- Personal Training

We have a big demand for our services in prisons and work in Askham Grange, Styal, Send, Eastwood Park, East Sutton Park, Holloway, Downview, Foston Hall and Bronzefield. The male estate have also made requests for support such as Erlestoke, Durham, Kingston and Sudbury

#### **Quotes from prisons:**

##### **HMP Send**

*"...Startup's positive influence is omnipresent wherever I go. The advice and support given is always delivered with enthusiasm as well as honesty, the result of which can be often be life changing..."*

##### **HMP Styal**

*".....the fantastic service that Startup provided to HMP Styal Achieve Project during 2010. ... this project supports women whilst in prison and ready for resettlement into employment, training, work placements and to hopefully reduce re offending ...because of the excellent service they (Startup) provided news of the work Startup did spread very quickly across the prison and we have women asking daily about the Startup service. I have a list of another 10 women who would benefit from the Startup service compiled over the last couple of weeks. I could provide work for Startup to keep them very busy for several years...."*

<b>Area of activity</b>	Charity/Social Enterprise with an in-house training company supporting social enterprises, community cohesion and development including offender rehabilitation
<b>Description of activity (in 500 words)</b>	
<p>St Peter's Partnerships (SPP) is a charity based development trust located in Greater Manchester. SPP has a strong proven track record of supporting the development of local people including the rehabilitation of offenders from Greater Manchester. We have been offering vocational training for over 10 years.</p> <p>Vocational training has been provided successfully by "Enterprise Plus" our in-house employment and training company in the following areas:-</p> <ul style="list-style-type: none"> <li>- Information Advice and Guidance (up to NVQ level 4)</li> <li>- Community Development (up to NVQ level 4)</li> <li>- Customer Service (up to NVQ level 2)</li> <li>- Landscaping and Gardening (up to NVQ level 2)</li> <li>- Construction Skills (CSCS) (up to level 3)</li> <li>- Team Leader (up to NVQ level 3)</li> <li>- Literacy and numeracy (up to NVQ level 3)</li> <li>- Youth Work (up to NVQ level 4)</li> </ul> <p>We only collaborate with reputable awarding/accreditation bodies or specialist partners such as the Open College Network, Edexcel and Myerscough Agricultural College (specialist landscaping).</p> <p>SPP also has within it 3 social enterprises, "Enterprise Plus", "Greenscape" and "Safeguard It"; Enterprise Plus delivers employment support, training and information, advice and guidance, Greenscape specialises in landscaping, grounds maintenance and minor building works and Safeguard It focuses on community safety related initiatives. These businesses actively support the rehabilitation of offenders through employment and training in partnership with Greater Manchester Probation Service Trust.</p> <p>Our extensive experience of working with ex-offenders in the community through SPP's social enterprises and the skills retained within the organisation ensures the successful application and delivery of our existing knowledge, learning and training frameworks within prison environments.</p> <p>SPP has also been chosen to deliver one of 9 National Pilots awarded by Government for the Local Integrated Services Model with a focus "Reducing Reoffending". Our remit is to help</p>	

break the cycle of re-offending by providing learning and training and employment opportunities for offenders, further supporting and building on our previous experience of working with offenders.

The provision of employment through SPP's social enterprises to help rehabilitate is provided as a part of our charitable aims. The OLASS 4 initiative opens up the opportunity to explore and develop partnerships which could formerly establish a learning framework for offenders which includes the delivery of training and qualifications in prison with the option in certain cases to complete/build on qualifications outside prison and which could further provide a pathway into work through one of our social enterprise companies offering real added value to SPP's involvement as a "potential subcontractor".

<b>Area of activity</b>	<b>Young people and adults, engagement activities for hard to reach offenders both in prison and the community, IAG including mentoring and support</b>
<b>Description of activity (in 500 words)</b>	
<p>Our activities split into three distinct programme areas, creating an A-Z engagement to outcome model together. Our service is specifically developed to progress individuals with a range of support needs from engagement through to personal development and onto long term outcomes.</p> <p>We can deliver separate components however fro sub contracting purposes.</p> <p><b>Street Football</b> is our entry level programme where the most disadvantaged young people, aged 16 to 25 from backgrounds of offending, addiction and unemployment, are initially</p>	

referred into. FA qualified, professional football coaches deliver two-hour sessions 48 weeks of the year, at the same place and at the same time, offering structure into what can be chaotic lifestyles. The programme is about building and sustaining a relationship with the participants, identifying their needs and starting the process of personal development. Street Football impacts on personal development in areas of communication, time keeping, discipline and self-esteem as well as improved health, reduced substance misuse and reduced offending.

Our football sessions are delivered at the most appropriate local venue in relation to our outreach activity and the participants to remove as many barriers as possible to attending the programme.

All engaged participants (continuous attendance for 2 weeks) will complete an "Individual learning plan" with the Coach. This enables us to plan a flexible service which meet the learning needs of the participant. For example, those with low support needs may progress into outcomes directly from Street Football whilst others will require a more substantial package of support, including longer term Street Football activity before progressing onto the 8 week Academy course.

**Street League Academy Programme** - The Academy is an intensive eight-week football themed education and training course designed specifically to progress participants into 'hard outcomes' of mainstream education or sustainable employment. We deliver three courses; Open College Network Level 1 Award in Progression; an Open College Network Level 1 Award in Step Up and a Community Sports Leaders UK Level 2 Award in Community Sports Leadership. We also deliver personal development workshops in motivation, confidence, leadership and determination and employability skills (including CV writing, job search skills, IT skills and interview skills). This takes place within a structured 9am-2pm timetable alongside football activity at inspiring venues (including professional football clubs) in order to maintain engagement and motivation levels daily, as this is one of the key areas facing disadvantaged young people. Progressions Coordinators also provide an additional 10 weeks of post Academy 1-2-1 support for participants to ensure progressions into education and training outcomes.

**Graduate League** - the final and most recent element of the programme. This has the same structure as Street Football but with evening sessions accessible to those people now in work, education or training and unable to attend their previous day-time session. The Graduate League allows Progressions Coordinators to effectively track outcomes and support the sustainability of the transition into work, mainstream education or vocational training. Graduates are encouraged to participate for up to six months and are then supported into securing mainstream sports activity.

**Description of activity (in 500 words)**

The Lancashire Colleges Consortium was established in 1998 as a company limited by guarantee (not for profit) by the independent Further Education Colleges in Lancashire as a vehicle for collaborative activity. The expertise of the company is in obtaining and managing projects from funding through delivery and into evaluation.

Whilst the Company itself has expertise independent of the College members the principal areas in which the Consortium has operated are those where the colleges in Lancashire have experience, expertise and an interest in future development. Since it was established in 1998 the Consortium has delivered over 130 multi-partner contracts in Lancashire and other parts of the North West region. Projects have been funded from a variety of sources (predominantly ESF, Structural Funds, DWP and NWDA) and have included developmental projects as well as delivery projects.

The Consortium operates in such a way as to bring together expert staff within the colleges to collaborate in design and delivery and adds value through its capacity to operate strategically and developmentally as well as through its expertise in project design and management.

The FE sector Colleges in Lancashire represent a cluster of excellence 9 of the 12 members of the Consortium being judged "Outstanding" in their last inspections. The Board of the Consortium is composed of the Principals of the 12 colleges who are protective of their reputation and ensure the commitment of individual colleges to collective activity is maintained.

The Consortium has been an effective vehicle for collaborative activity with organisations outside the FE sector where this can add value to the FE offer and partners in activity have included/include Local Authorities, Unionlearn, Private Sector companies, Sector Skills Councils, The Campaign for Learning and Voluntary/third sector organisations.

We would describe the Consortiums principal area of business as being project design and management but the activities have been drawn from a very wide range of "curriculum" areas and involved delivery to a varied target audience. Projects have been developed and delivered in relation to Employability Skills, IT, Business Development, Basic Skills/Skills for Life, ESOL and Citizenship, Creative Activity, Engineering and Health and Social Care. Broad based projects have been delivered spanning a very broad subject base and in terms of target audiences we have developed and managed projects for the Unemployed, NEET young people, members of BME communities, LLDD young people and adults, the workless, individuals seeking higher level skills, Apprenticeship provision, women in underrepresented sectors and so on.

In addition to those projects where the Consortium has led activity it has also been an active participant in activity led by other organisations – most particularly it has been a leading member of the Fusion partnership of 5 sub-regional consortiums in the North West.

<b>Description of Activity (in 500 words)</b>	
<p>We have managed numerous successful partnerships at operational and strategic levels throughout the region and have representation on many steering groups that can and do support many prisoners on release, many of which have successfully moved into employment. We also have a team of staff who have successfully delivered on many prison sites across the north west over the last few years.</p> <p>Our major successful partnerships have included the college being a lead provider delivering over £4m of work based learning activity to a cross section of almost 1000 employers with success rates in excess of 85%, these were delivered across the north west incorporating up to 20 quality approved training providers delivering Apprenticeships and Train to Gain in a diverse range of vocational areas; this has been repeated over the last few years successfully achieving SFA contracts / targets.</p> <p>We have, and are also managing successful ESF and local authority funded employability programmes successfully converting over 40% of completed training interventions for JSA/ESA claimants into job outcomes, many of which were sustained. We have worked on many pre-employment training programmes in partnership with JCP and are now developing a number of sector based work academies in conjunction with several large employers in the region and district staff at JCP.</p> <p>The college has an extensive range of contacts through the region and are able to offer services to potential prime contractors of OLASS delivery for prisoners requiring basic skills including literacy, numeracy and ICT (including ESOL). We are able to offer vocational and QCF based qualifications where prisons have facilities to offer a vocational delivery in all major sectors including Construction, Logistics, Warehousing &amp; Distribution, Customer Service, ICT, Contact Centre, Sport and Recreation, Hospitality &amp; Catering. All of the above can be delivered as full apprenticeships to ex-offenders on release from prison.</p>

<p><b><u>1. Background</u></b></p> <p>Prince's Trust programmes offers personal development opportunities that bring tangible and lasting benefits to our young clients and the communities in which they live. We engage the most vulnerable young people, and 21% of the young people we support nationally come from an offending background.</p> <p><b><u>Working with Offenders in the North West</u></b></p> <p><b><u>Get Started</u></b></p> <p>Get Started is a short engagement programme using sport or the arts. Helping young people to re-engage with learning and take the first step to increase their personal and social skills, motivation and confidence.</p> <p>We deliver the Get Started with Football programme in three HMPs across the North West:</p> <ul style="list-style-type: none"> <li>➤ HMP Lancaster Farms</li> <li>➤ HMP Styal</li> <li>➤ HMP Prison Hindley</li> </ul> <p>The model for Get Started with football has been developed with the prison regime in mind this has resulted in a longer programme – 7 days for male prisons – Hindley and Lancaster Farms and 10 days in Styal. The programme is delivered through all the gym departments in each prison and contact is made directly with the PE officer assigned to the Prince's Trust at the</p>	

gym though each department has a good working knowledge of The Prince's Trust as we have been delivering for a number of years within these establishments.

### **Enterprise Programme**

This programme aims to support young people interested in self employment to explore and test their ideas, write plans and start their own businesses or achieve alternative outcomes in education, training, volunteering or work.

Working with HM Manchester Prison we will be delivering initial Enterprise Information Sessions to be followed by our 4 day Exploring Enterprise Course, activity starts in November 2011. A meeting has been arranged with Forest Bank Prison on the 18<sup>th</sup> October to explore the potential to introduce the HM Manchester Prison Model in Forest Bank.

### **Further Projects/Initiatives**

Working in partnership with Forest Bank, Thorn Cross, Kirkham and Buckley Hall regarding the referral of inmates to Prince's Trust programmes on release. Inmates at Kirkham have also attended Team (our 12 week personal development programme) whilst serving their sentence. Our staff regularly attends both Forest Bank and Styal to discuss options for progression through Prince's Trust upon release.

We have successfully worked with local Crime Concern / Catch 22 Programmes in Greater Manchester to offer Development Awards (small cash grants of up to £125) to their clients who have criminal records to help them get their lives back on track.

Where we have had funding for Development Awards in the past we have also worked with local Probation and YOT Teams to help young people with criminal records access education, training or employment opportunities where money is a barrier.

Our vocational trainers and assessors are highly qualified with relevant and recent industry experience in 8 key sectors

- Construction
- Hairdressing
- Financial services
- Motor vehicle
- Hospitality
- Logistics
- Health and social care
- Cleaning

We deliver bespoke pre-employment training on a short term, part-time and full-time basis, linked to existing and forecast job vacancies

Provision is part or full-time with training based on different delivery models including groups up to 15 clients, 1:1s and smaller focused cohorts. The duration of the training is determined by client need and the level of training needed

Engagement, interest and perceived relevance are a few of the significant barriers faced by clients which is why personalised tailored support is a dominant feature of provision. Support will establish trust between the Job Coach and client, facilitated by work-focused training, confidence building, navigating the system and improving job readiness.

Programmes are flexible and responsive to needs, offering multiple start dates, continuous provision throughout the year, roll-on, roll-off delivery and regular start dates.

We offer learning support with OFSTED advising that "learners with learning difficulties and/or disabilities receive good specialist support"

Working to improve employability will be central to success through generic job-search and preparation skills or vocational training for a particular job vacancy.

We operate an agreed recruitment protocol across WC, Skills Funding Agency and JCP to link employer vacancies to unemployed people and funding.

On release individuals will then engage in tailored pre-employment activities through the sector based work academy model using partner, agency and employer links to facilitate a seamless transition into sustainable work and Apprenticeships.

The Warrington Business School is the employer facing division of WC. WBS has over 500 live employer contacts

Warrington Collegiate is a Work Programme provider in Warrington.
