<b>Area of Activity</b>	Personal Development – Informal Learning
<b>Description of Activity (in 500 words)</b>	
<p>It is the intention that our activity could complement the vocational and basic skills training to assist those whose requirements are more focused on personal development. This provision would also be suitable for offenders serving longer sentences. BCHA currently holds IIP, Matrix and is working towards ISO 9001 and EFQM standards.</p> <p>BCHA have for the last two years been running a personal development programme called Ignite. It has been over-subscribed at all times and serves a variety of client groups including ex-offenders. This programme focuses on informal learning and re-engagement into learning and work. Soft outcomes are measured using an outcomes star which allows the distance travelled to be displayed graphically and as a percentage. The programme runs in both an accredited and unaccredited format depending on the need and skill level of the individual attending (and the funding available).</p> <p>Ignite workshops include Anger Management, Pattern Changing, Positive Thinking, Confidence Building, Relaxation Techniques, Employability Skills/Career Preparation, Independent Living Skills, Mentoring, Volunteering, IT Skills and many more subjects that can be tailored to the individual. These can be accredited by NOCN at levels E3 to Level 2 if required. They can also be</p>	

run unaccredited with participants receiving an AQA Unit Award, which has no QCF learning level attached.

Ignite also offers a dialogue session, similar to Prison Dialogue which offers the opportunity for targeted, facilitated discussion around “hot topics” such as opinions of the police, does prison work, housing opportunities etc. This gives clients the opportunity to develop conversation skills and tolerance around the opinions of others. These sessions often involve representatives from agencies such as the police, drug and alcohol intervention teams, learning providers, housing associations etc.

Ignite positively develops meaningful use of time, personal relationships and networks, mental health, motivation and 6 other areas, measuring progress in a tangible form which can be reported on over a date range and compared from prison to prison.

The cost of this service depends on the preferred timetable and whether the funding stream requires accredited or non accredited format. It is recommended that each prison has at least one full time Development Coach (trainer) with shared administration support of one full time administrator for each cluster. In an accredited format, a one full time Internal Quality Assurer (IQA) would be required for each contract area (based on 2 clusters) to verify the quality of assessment against the NOCN standards.

This programme offers OLASS prime providers the opportunity to deliver quality, measureable personal development training with the ability to provide tangible statistics regarding the success of the programme overall. BCHA has extensive experience after developing and delivering this training course and has the benefit of continuous evaluation to improve the content.

<b>Area of Activity</b>	<b>Vocational skills training including Apprenticeships &amp; adult education</b>

**Description of Activity (in 500 words)**

Cirencester College is available to support the delivery of a range of training services from Apprenticeships to Holistic Therapies to a lead partner in the South West, West Midlands & South Central clusters. We offer a robust delivery model with a highly experienced & flexible teaching resource.

Cirencester College is a Tertiary College currently delivering the following services to adults:

*Pre-employment Programmes*

Business Start-up courses including Book-keeping, Financial Capability & Awareness, IT Skills (ECDL), Introductions to Health & Social Care, Spectator Safety as well as specific professional course provision including Business Management, CIPD & CIM.

*Adult Education*

A diverse range of courses from Languages, Arts & Crafts, Beauty & Holistic Therapies, Digital Cameras, Web Design, History of Art.

### *Functional Skills*

Our adult courses include Literacy & Numeracy and ESOL, as well as British Sign Language courses too.

### *Apprenticeship Frameworks*

We offer a range of frameworks in conjunction with local employers for Hospitality, Business Admin, Marketing, Finance & Retail. We work closely with the National Apprenticeship Service & provide comprehensive advice about how to progress into the workplace.

Cirencester College's focus on work-based, vocational training is highly regarded by local employers & incorporates Employability Skills, CV Writing, How to Interview & Mentoring.

Cirencester College's "Credit Crunch? Bite Back!" programme started early 2009 led to nearly 400 people from the community accessing support. The programme involves Job Centre Plus and the NHS and resulted in many individuals finding their way back into either into work or education.

The college also takes a lead with a number of MOD education centres in the region and currently has over 600-700 Army personnel per annum being taken through Functional Skills. In 2011 we started ESOL training to Gurka regiments which will see nearly 400 additional soldiers trained in 2012. We operate these satellite centres at Warminster, Blandford, South Cerney and Hullavington.

The college also offers a unique Spectator Safety NVQ L2 which has enabled over 300 people in the South West train for working at events including the Olympics.

Cirencester College teaching staff are supported by:

Adult Guidance – The College is Matrix accredited. Adult Guidance offers impartial IAG to learners including CV clinics & interview role-play.

Apprenticeship Mentoring – support is given to learners to ensure learners in the workplace can discuss personal concerns outside the teaching environment. This has been particularly successful in ensuring over 90% retention of apprentices on-programme.

Other Mentoring – Cirencester College works with nearly 100 employers who provide time to the college in support of its UK Career Academy programme for Sport, Business, IT, Finance & Science.

Cirencester College has a direct contract with the SFA in the form of a single budget stream for ER & ALR activity. We have a number of staff already working in prisons in the Gloucestershire area. The college is an Ofsted Grade 1 provider, is Matrix accredited and holds Investors in People accreditation. The college ensures all staff have been trained in Safeguarding and are CRB checked.

<b>Area of Activity</b>	Skills for life, vocational training, IAG
<b>Description of Activity (in 500 words)</b>	
<p>City of Bristol College is one of the largest further and higher education colleges in the south west. It supports over 30,000 learners to develop their knowledge and skills each year in a variety of settings offering a wide breadth of provision.</p> <p>The College is well experienced with delivering Skills for Life and vocational training programmes in secure settings. As well as holding a national contract to deliver training to the HM Prison Service across England and Wales, the College has worked with its local prisons, delivering training to offenders, young offenders and supporting 'through the gate' activity.</p> <p>City of Bristol College would welcome a discussion with OLASS bidders to provide Skills for Life and/or vocational programmes in the south west cluster of prisons.</p>

<b>Area of Activity</b>	Theatre based education interventions with women offenders
<b>Description of Activity (in 500 words)</b>	
<p>For this contract, Clean Break can provide arts based education (theatre and writing) to women in prison through residencies and workshops, and to women leaving prison through our London based theatre, education and training programme.</p> <p>Our driving belief is that theatre and drama makes a meaningful difference to the lives of women offenders and women ex offenders. Through our 32 years of experience, we have shown that the theatre provides an excellent route into women's untapped potential, and are particularly relevant and accessible to marginalised and excluded learners who have failed in, and been failed by, formal education settings. Recent research conducted with New Philanthropy Capital demonstrated savings of £6.90 for every £1 invested in Clean Break through reduced re offending and increased economic activity.</p>	

## Prison Residencies and Workshops

We have run numerous award winning residencies (Koestler Bronze Award 2011, Koestler Gold Award 2010) in prisons, using theatre and writing to work with and educate women in prisons across the UK. We reach approximately 400 women a year in prisons through our residencies and workshops.

The aims of residencies are to:

- generate material that is relevant and exciting and that the prisoners can relate to.
- develop relevant artistic skills (writing, performing etc)
- enable every member of the group to have a role and to contribute
- increase the soft skills (including group work skills and self confidence) of participants
- improve life chances for women by offering internally and externally accredited qualifications and progression opportunities.

We inspire the prisoners through theatre and writing using Clean Break's extensive track record of engaging this "hard to reach" client group. Prison staff at HMP Askham Grange, where we conducted a recent residency, observed that our work 'enabled each individual to have a sense of achievement' (staff member, HMP Askham Grange July 2011).

The prisoners also talked about the value of the work in their feedback:

'I could see the difference in other group members'

'I can read off script and have confidence in my work.'

'Thank you for helping me believe in myself.'

## Resettlement Work

We work intensively with around 100 women offenders / those at risk at our London based studios, including those recently released from prisons into the London area and women on ROTL from London prisons. We have a wide programme of courses ranging from Self Development courses to accredited performance based courses (OCN Level 3). All women on our courses receive holistic one on one support from experienced staff and travel and childcare expenses to facilitate their learning. In addition we support approximately 20 women a year to move into supported long term volunteering with arts organisations. We have enormous success moving our women onto meaningful activities - of our last cohort of graduating students, 71% were in further education, long term volunteering placements or work six months after leaving Clean Break. Additionally, of the New Philanthropy Capital sample group, 66% were confirmed to have not re-offended nine months after leaving (the remaining 33% were not in contact with us).

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Name of Organisation</b>	<b>Duchy College (part of the Cornwall College Group)</b>

<b>Area of Activity</b>	Vocational skills training, including Apprenticeships
<b>Description of Activity (in 500 words)</b>	Duchy College is a Specialist Land Based provider and is Outstanding in its provision

through Ofsted in 2010.

We have worked with both Dartmoor and Channing's Wood Prisons over a period of time, providing education around Land Based subjects; horticulture and countryside specifically, with a very good record of success.

We were a part of a pilot sponsored programme with Dartmoor to deliver Lantra Sector Skill Council based programmes specifically around Specialist Plant, Pesticide, Forklift and other Employment Skills to the prisoners on licence.

We have worked both in and outside the Prison with offenders to good effect. We have a strong team of Land Based Instructors, Tutors and Assessors a number of which have experience in delivery to offenders.

We are very keen to work with offenders and ex-offenders utilising our Work Based Learning Agency to create the ability to study both in Prison and on release to continue and maintain education to help prevent re-offending as the offender moves to the "world of work" to:

- a) Gain employment – which we would be able to help with and
- b) To assist with the continuation and development of the educational qualifications they were studying whilst in Prison.

We have done a significant amount of work embedding Functional and Employability Skills into our qualifications. This, in itself will add value to partnerships involving other educational providers working in the same sector, as well as enhancing the education for the offenders during their educational programmes.

Strong links with Industry and Employers give us the opportunity to help place offenders on completion of their sentence. We have over 4,000 active accounts with employers throughout Devon and Cornwall. We are one of only five colleges nationally to achieve Ofsted grade 1s for all four areas of Employer Responsiveness.

Alongside Land Based we are able to provide a further range of educational programmes looking at Vocational Skills in building, plumbing, woodwork, and engineering with a specialism around specialist plant to gain the CPCS tickets and therefore become employable within the industries.

We work extensively with partners locally, regionally and nationally and are very positive about working together with other educational providers to provide an overall educational experience for the offenders.

We are currently undertaking work within Prisons and have good relationships with the Prisons we have worked with (Channings Wood and Dartmoor).

Our Adult FE success rates have risen to 75.4% which is just above the national average of 74.8%. Success rates on apprenticeships (81.5% against a national average of 73.8%) and Train to Gain provision (87.5% against 86.5% nationally) have been outstanding overall; particularly on apprenticeships. The rate of improvement in the proportion of learners who complete their qualification in the time allocated to them has been outstanding, with timely completion now reaching 74.8%.

We are very keen to act as a Sub-Contractor with our specialism as well as the other subjects, specifically Functional Skills attached to the specialism.

<b>Area of Activity</b>	Professional, commercial craftwork to build employability skills

**Description of Activity (*in 500 words*)**

Fine Cell Work is a social enterprise which trains prisoners to do high quality, paid craftwork in their cells to improve mental health, build employability skills and motivate them to engage with learning outside of a normal educational environment. FCW works with 420 prisoners annually and is geared to long-term, male and female, high risk offenders who stay on the programme for two to ten years. They are encouraged to save a nestegg for themselves or support their families, and to develop the technical skill and personal discipline to execute professional commissions done to deadlines.

Prisoners on the programme work for 20-40 hours a week in their cells. They make hand-embroidered quilts, cushions, clothes, rugs and furniture covers which are sold to the top of the market: museums, interior designers and the general public.

FCW has a track record of 15 years of steady and substantial growth as a social enterprise, and a staff team who are highly experienced in training prisoners to create high quality craft products for a commercial market.

A recent evaluation stated the programme

- Promotes calmness and concentration
- Provides prisoners volunteering for FCW with experience of managing teams and developing people
- Gives prisoners an opportunity to gain respect and a sense of achievement
- Is therapeutic and helps with mental disorders

- Provides a positive focus during a long sentence
- Provides 'a keyhole' to the outside world and non-criminal life
- Offers a 'new' identity and hope for the future

## Fine Cell Workshops

Our aim is to enable prisoners to gain motivation and “work-readiness” through the creative experience of cellwork and to follow on with further employment preparation through gaining accredited skills in workshops.

Fine Cell Workshops are like a small, family business or “Studio” with prisoners engaged in meeting targets for the production of a range of soft furnishings items, as well as in stock taking, tracking orders, generating monthly reports and meeting deadlines for professionally commissioned work. Prisoners also engage in group-work on large-scale commissions: examples include a quilt for the V&A, furnishings for English Heritage and a firescreen for Virgin Radio.

Accredited courses taught in FCW workshops include level 1 and 2 certificates in Soft Furnishings and Traditional Upholstery, as well as Level 1 to 3 Awards in Creative Craft. Prisoners continue to do cellwork alongside workshop training so the training is in a new and productive, “busy” way of life.

The strength of Fine Cell Work is that it enables prisoners to develop pride in a “corporate,” non-criminal identity associated with high quality products that are valued by external customers. This increases prisoners’ motivation to learn and grounds education provision in a credible employment setting.

Prisoners doing FCW are known for their can-do attitude:

“You hope people realize you are making a worthwhile product; something someone, somewhere appreciates. It’s something to do, but it gives you contact with the outside world, giving something back as well., There must be a more constructive way of spending £44k of taxpayer’s money yearly keeping us locked up wasting away. There’s so much more I could be doing.”

“I have seen people who’ve never done this sort of thing before, and as they’ve finished their first piece of work, they’re really over the moon that they’ve managed to finish something, or create something for the first time.”

“I like a deadline to work to. I enjoy doing commissions because you take more pride in what you are doing”

“I say ‘If it can be done I’ll do it, if it can’t be done I’ll try.’”

The quality of the product and programme can be viewed on [www.finecellwork.co.uk](http://www.finecellwork.co.uk)

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Area of Activity</b>	<b>Employability programmes Apprenticeships Skills for life Placement and work opportunities</b>
<b>Description of Activity (in 500 words)</b>	
<p><b><u>Finding and training for real job opportunities</u></b>  Gloucestershire college has a substantial programme for the unemployed within Gloucestershire. The programme has been in place for 3 years and can be adapted to the needs of the prisoner in preparing them for real jobs opportunities. We will support s unemployed people locally in find work and work placements.</p> <p><b><u>Pre-employment programmes</u></b>  Our pre-employment programme echo's labour demand in the county. Offers included construction skills such as plastering, bricklaying and plumbing. In addition we have skill that will support employment into the service sector such as, hospitality, customer service, and IT. We are aware of sectors that are more open to recruiting ex offenders; therefore we are careful to not build expectation.</p> <p>Entrepreneur training, working on business idea to planning a start up. We recognise that it is difficult to find a job in this current financial climate, so finding a job with a unspent conviction is even more challenging. Therefore we explore ways of finding work rather than just finding a job. Identifying gaps in the market, personal skills, knowledge and attributes and how these might develop into a business.</p> <p><b><u>Work based learning</u></b>  We have a large work based learning programme, including apprenticeships and OCF (NVQ) provision. The college works closely with NAS to identify opportunities through National Apprenticeship Matching Service. This will be used to support prisoners in securing apprenticeships on release.</p> <p><b><u>Basic skills</u></b>  Basic skills such as literacy and numeracy can be barrier to employment. We already offer a programme through the probation service and this ca be delivered in the prison</p> <p>We have 10 years of experience working with probation service and delivering job skills for offenders and ex offenders. The Employability and skills department is able to respond rapidly to changing needs and set up of new provision to fully meet the needs of the client.</p>	

### **Location and flexibility to deliver**

Gloucestershire college is a neighbour to the Gloucester prison, With a less than 5 minute walk it will be easy for the college staff to be timetabled regularly to support induction, support the development of learning plan, skills assessment, learner review and delivery of key skills, either a part of physical workshop or via the virtual learning college.

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Name of Organisation</b>	<b>Lifetime Training</b>

<b>Named Contact</b>	Vanessa Farr
<b>Phone</b>	01173143038
<b>Email</b>	Vanessa.farr@lifetimetraining.co.uk
<b>Area of Activity</b>	Vocational skills training (and Apprenticeships)

### **Description of Activity (*in 500 words*)**

Lifetime would like to support the delivery of Apprenticeships to the target group and is able to offer a number of flexible delivery models. Lifetime currently delivers pre-apprenticeship programmes – Lifetime Academies - that could be adapted for delivery of this contract's required outputs/outcomes, and that offer a direct connection to prisons as places of work.

Lifetime's Academy content is directly aligned to a L2 Apprenticeship framework and is delivered on a group and 121 basis via classroom, practical working environments and employer based activity. Academies offer participants transferable skills and career pathways with support to help them secure and remain in employment – enabling them to complete a full Apprenticeship. Academies currently move 80 per cent of learners into an Apprenticeship or Job Outcome. We offer Academies in Fitness, Early Years Care and Hospitality and each contain;

- Vocational and Workplace behaviour training
- Employability skills
- Soft skills development including confidence and interpersonal skills
- Mentoring
- In-work mentoring
- Level 1 Key Skills – communication and application of number

Academy content has been informed and developed in response to feedback from employers about the need for multi-skilled staff. Academies will support offenders and ex-offenders to become flexible employees able to fill employers' skills gaps by providing training in team work, problem solving and customer service.

Lifetime Tutors deliver the Academies and use an individualised and person centred approach to work with participants from a variety of backgrounds and characteristics, including ex-offenders and offenders. Lifetime have a staff resource dedicated to supporting each stage of the programme from offering impartial IAG through to employment and support onto Level 3 Apprenticeships.

Delivery is designed to be flexible, maximising engagement, retention and positive progressions. Lifetime Tutors are supported by;

Academy Relations Executives - develop partnerships with referral agencies. They offer impartial IAG to learners including CV clinics and interview role-play.

Community Engagement Managers - support learners into employment and Apprenticeships by developing networks of employers and opportunities. Group and 1:1 surgery sessions will be held with learners, employers and support agencies to reduce barriers to reoffending and to maximise outcomes.

Mentors - support the learner whilst on an Academy and into sustained employment by helping them to understand employer expectations. Mentors offer sector background and mentoring expertise; understanding and motivating learners. At employer sites where LFA participants have been placed or are working, Lifetime will train mentors to work directly with the participant and to provide in work support. These mentors will be existing employees.

Learning Support Team – will address participants additional support and learning needs and provide enhanced IAG

Lifetime is also offering Apprenticeship delivery as method of supporting sustained employment. Where participants have been placed in employment Lifetime's team of Regional Trainers can support them to complete a full Apprenticeship. Lifetime has a direct contract with the SFA of over £20m in FY11/12 for Apprenticeship delivery enabling access to significant Adult skills funding. We operate across 7 sectors with Leisure and Fitness, Hospitality and Customer Service accounting for over 80 per cent of total delivery – supporting the roles that offenders may undertake in prisons.

Lifetime is an Ofsted Grade 2 provider, is Matrix accredited, holds Investors in People and TQS parts A & B.

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Name of organisation</b>	<b>n-ergy consortium</b>

<b>Area of activity</b>	Adults and young people (offenders and ex-offenders)
<b>Description of activity (in 500 words)</b>	
<b><u>n-ergy consortium</u></b>	

The n-ergy consortium consists of three business units, n-ergy group, n-ergy source and n-ergy works. The three business units are involved with the education, training, IAG and the employability of offenders and ex-offenders.

The key strategic aims for n-ergy consortium Ltd in engaging with this group are therefore:-

1. To strive to ensure that ex-offenders are not isolated economically and divorced from the mainstream socially
2. To provide appropriate education, training and developmental programmes for ex-offenders to give them new skills and increased confidence which will make them more employable
3. To provide support and guidance to offenders and ex-offenders when attempting to secure suitable employment
4. To develop ex-offenders as individuals and provide them with skills to compete in an ever changing employment market
5. To help reduce reoffending by giving ex offenders skills for employment and helping them to contribute positively to their communities.

Below is a summary of the principal functions of the three parts of n-ergy consortium.

**n-ergy group ltd** delivers annually 2,000 vocational and 330 employability programmes to both offenders and ex-offenders, which helps develop the individual, giving them new skills and confidence to return to employment. n-ergy group ltd endeavours to provide a seamless service for this client group from custody into the community and then to employment.

**n-ergy source** is the recruitment division and has secured an employability contract to deliver employment programmes (The Way4ward Project) for offenders and ex-offenders in the South West. Further tenders have been submitted to deliver this and other services in other areas of Wales.

To enhance our seamless service from training the individual while in prison to the advice and guidance offered before they leave, and the securing of employment after they have left, n-ergy group has set up a separate but associated business unit which is a social enterprise to employ ex-offenders and offer them worthwhile employment. The work of n-ergy works is described below.

**n-ergy works** is a recently formed social enterprise and is driven by a social purpose which is to offer employment to one of the hardest to reach groups – ex-offenders. The organisation is currently in the process of bidding for contracts from both the public and private sectors in the areas of grounds maintenance, cleaning and general maintenance. Once secured, n-ergy works will employ ex-offenders returning or relocating to the community areas in which we have secured contacts. We will provide them with

employment, a vehicle to further develop their skills, increasing their confidence and self-esteem which will facilitate progression to other employment and training opportunities either with n-ergy works or elsewhere.

To summarise:

- **n-ergy group** deliver vocational programmes to offenders in custody in Wales and England including all G4S and Serco managed prisons
- **n-ergy source** deliver employment support programmes in the South West prisons and in Wales (4 recruitment offices have been established in four prisons including HMP Parc, Bridgend)
- **n-ergy works** will employ ex-offenders on permanent contracts to deliver community based projects delivering cleaning and ground maintenance services

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Description of activity (in 500 words)</b>	

Established in 1988, NWT is uniquely placed in Swindon and Wiltshire as the main provider of DWP/JCP training provision and job broking activities over the last 23 years. NWT is organised into two divisions for the purpose of operational delivery. We have a dedicated Employability Division and focuses on delivering our existing portfolio of DWP contracts. Alongside this we have a dedicated Skills Division which focuses on delivery on behalf of the SFA, Local Authority, Learn Direct and other skills funders.

NWT supports over **5,000** customers per year, working directly with more than **1,000** employers across the South West. Through our delivery divisions, we provide a high quality portfolio of training services that deliver across the UK's employability and skills agendas – linking the services required to help people identify job goals and enter into the workplace with the skills training needed to promote lifelong learning and sustainable employment.

NWT today delivers a range of employment and skills provision. We deliver a wide portfolio of contracts on behalf of DWP Prime Providers which includes;

- The Work Programme
- Job Centre Plus Support Contract (JCPSC)

We deliver a further range on contracts on behalf of the SFA, Local Authorities, Learn Direct and other funding bodies. This includes;

- Next Steps (IAG) as subcontractor to Tribal (NB: all delivery staff are level 3 qualified)
- Direct Delivery of Learn Direct
- Direct Delivery of NVQ/Apprenticeships
- Specialist provision for young people and
- Specialist provision for families

We bring a flexible and innovative approach to service development and an understanding of the requirements of working within the custody environment. We are very skilled at meeting the requirements of a range of partner agencies and adapting our approach to a variety of sectors.

***Through the Gate Service:*** Our approach is innovative and builds upon best and award winning practice at an EU, national and local level. Through the Gate Support commences at least 6 months prior to leaving custody. We continue the support into the community to ensure a seamless transition. Furthermore, we provide the physical proximity of support to access the continuation of previous learning, employment and mainstream services to address issues that are still barriers to progression into employment.

Our support is designed to continually meet the needs of offenders and delivered in a coherent way with a range of different on-going interventions such as support to deal with drug & alcohol misuse, cognitive programmes to change attitude & behaviour, literacy & numeracy development, language support, employability skills development & resettlement programmes. Our communication and harmonious working between custodial teams and those in the community provides a steady and coherent support to those moving from custody into the community, which is a time when offenders are most vulnerable and likely to re-offend.

We currently work with the NOMS2 provider (Tribal), to deliver IAG and close working relationships with offender managers and the Probation Service provides strong links of communication that provide the optimum level of support to ensure learning is continued, not duplicated and relevant.

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**

<b>Area of activity</b>	Self-Employment / Enterprise Training and Support Programmes
<b>Description of activity</b>	
<p>Opportunity Plus UK Limited is an innovative enterprise training provider which supports individuals who are most disadvantaged in the labour market to explore alternative routes to employment. We are realistic about the multiple barriers which some individuals can face when trying to find and sustain employment and so we promote a 'create your own opportunities' ethos.</p> <p>We use self-employment as a realistic and achievable route to paid work which can allow individuals to create flexible employment to accommodate their social and health needs. Our programmes can help learners to identify a suitable business type, research their idea, learn the skills/techniques required, develop a business plan and prepare to launch their business.</p> <p>All of our programmes can lead to a Level 1-3 Award in a range of vocational qualifications, so if an individual determines that self-employment is not a suitable route for them, the skills they have learnt can be transferrable to employment opportunities.</p> <p>We deliver a number of workshops to inspire learners, improve confidence and motivation and generate business and marketing ideas. We also have a range of over 15 courses which lead to skills achievement and accredited qualifications in:</p> <ul style="list-style-type: none"> <li>• Business Start-Up</li> <li>• Advice, Information &amp; Guidance</li> <li>• Cleaning &amp; Support Services</li> <li>• Progression</li> <li>• Hair &amp; Beauty</li> <li>• Employability Skills</li> <li>• IT User Skills</li> </ul> <p>Our trained tutors will ensure that the appropriate support services are in place for when a</p>	

learner is ready to start their own business upon release, or alternatively, provide them with employment support services if this route is more appropriate.

<b>Area of activity</b>	Self-Employment support and funding for Offenders/ex-offenders

**Description of activity (in 500 words)**

Startup work with offenders and ex-offenders to support them with self-employment. This is done through advice sessions, one to one business support with a business advisor and funding for materials and equipment. We also have a dedicated Peer Mentoring service to support clients post funding.

We have run several projects and programmes where Startup work with prisons and the probation service to support ex-offenders into self-employment. We do this through:

- Startupnow days
- One to one business advice
- Business Plan development
- Purchasing equipment
- Peer mentor support
- Access to an accountant and insurance for the first year
- Website design and marketing

We ran a Startupnow day at HMP Holme House and saw 12 men in which 4 successfully went on to become self-employed. The businesses were: Cleaning, Plumbing and 2 Motor car businesses.

**Womens Project 2010-2011**

Startup's current project was funded to work with female offenders and ex-offenders. We currently work with all the female estates where we gain much of our referrals. In 2010-2011 we have worked with 240 women who were referred from prison, probation and community organisations. We went on to work with 120 of those who were still interested in self-employment and had a business idea they wanted to develop and then went on to fund 60 women to become self-employed who chose that self-employment was the best option for them. We have a 0% reoffending rate from those women that were funded.

The women are supported for one year with access to a business advisor, an accountant and support with insurance. They have access to the Peer Mentor Manager who runs sessions in the

community to allow women to support one another. Here the sessions range from informal drop in clinics to formal sessions on marketing, accounts and IT.

The businesses include:

- Cleaning
- Beauty Therapists
- Catering
- Events management
- Hairdressing
- Photography
- Videography
- Training Companies
- Personal Training

We have a big demand for our services in prisons and work in Askham Grange, Styal, Send, Eastwood Park, East Sutton Park, Holloway, Downview, Foston Hall and Bronzefield. The male estate have also made requests for support such as Erlestoke, Durham, Kingston and Sudbury

#### **Quotes from prisons:**

##### **HMP Send**

*"...Startup's positive influence is omnipresent wherever I go. The advice and support given is always delivered with enthusiasm as well as honesty, the result of which can be often be life changing..."*

##### **HMP Styal**

*"....the fantastic service that Startup provided to HMP Styal Achieve Project during 2010. ... this project supports women whilst in prison and ready for resettlement into employment, training, work placements and to hopefully reduce re offending ...because of the excellent service they (Startup) provided news of the work Startup did spread very quickly across the prison and we have women asking daily about the Startup service. I have a list of another 10 women who would benefit from the Startup service compiled over the last couple of weeks. I could provide work for Startup to keep them very busy for several years...."*

<b>Area of Activity</b>	Employability programmes; Pre apprenticeships; Employer engagement.
<p><b>Description of Activity (in 500 words)</b> Working Links has been supporting people who face multiple barriers to employment since 2000. We offer sector specific training and specialise in providing practical support for people to apply for jobs. We have helped over 220,000 people to move into employment including 40,000 ex-</p>	

offenders. In our careers advice and guidance (CIAS), and NOMs ESF through-the-gate ETE support contracts (Wales New Day and London Moving On) we work in almost half of the prisons in England and Wales.

For OLASS 4 Working Links can support prime contractors with:

- Employer engagement activity;
- The delivery of employability programmes; and
- The delivery of pre-apprenticeships, apprenticeships, or sector specific training for offenders nearing the end of their sentences.

### **Employer Engagement**

On current contracts we employ Employment Services Teams who conduct labour market analyses and support local employers to bridge skills gaps and fulfil their recruitment needs. We have an existing database local and national employers who we have worked with; many of whom we have developed partnerships with in order to develop sector specific training. For example on our Work Programme contract in Scotland we recently joined forces with internet retailer Amazon to provide staff for their new 1,000,000 sq ft warehouse and distribution centre in Dunfermline. We adopted a partnership approach to our recruitment service, working with five local recruitment agencies, and so far 40 of our customers have secured jobs as a result of them completing our sector specific training 'routeway', which included embedded maths and literacy workshops.

Further, in the South West we have developed a bespoke three day room attendant training programme in partnership with the Premier Inn in Torquay. The success of our programme resulted in 12 of our customers securing employment.

### **Employability**

We employ trained tutors who deliver 1-1 and group employability training. This includes support with CV writing, interview skills, and information about securing jobs in specific sectors.

### **Apprenticeships and Sector Specific Routeways**

As part of our employer engagement activity we offer advice on access to apprenticeships and can deliver apprenticeships in Customer Services, Hospitality, Warehousing, Retail, Business Administration and Care.

Working Links understands that the learning and skills provision in prisons needs to be responsive to population changes, regime demands, and the skills gaps in the labour market. We welcome the opportunity to discuss how we can work with Lead Contractors and their other partners to meet these needs throughout the contract duration.

**Please note that inclusion on the list of potential subcontractors does not give any guarantee that a subcontract will be awarded.**
