

Please find a partnership spreadsheet that shows every 14 – 19 partnership within England, and also identifies whether there is a third sector representative on the partnership as recommended by the guidance published by DCSF (now Department for Education) in January 2009 http://www.dcsf.gov.uk/14-19/documents/14-19_partnerships_and_planning.pdf

The document will be regularly updated as we receive further information and amendments so please only forward on the link and not the document.

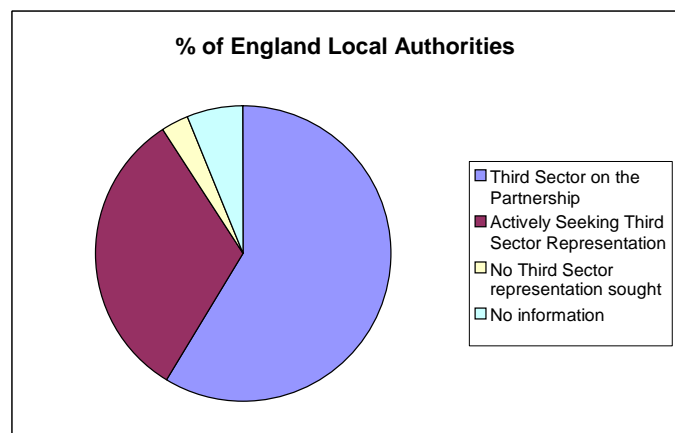

This spreadsheet has been produced by the YPLA third sector unit in national office, with the support of both the sector and regional colleagues to ensure that it is as up to date as possible. If there are any mistakes, they are the responsibility of the third sector unit at YPLA national office, and we'd be very pleased to receive any feedback and amendments to keep this spreadsheet as up to date as possible in the coming months.

Page 2 is the overall analysis of the current picture, page 3 lists information from all Local Authorities, pages 4-12 split the information by YPLA region.

| | |
|-------------------|--|
| AIM | To ensure that the third sector and Local Authorities are able to collaborate for the best outcome in their locality in terms of the involvement of the sector on Partnerships |
| DATE | Original correct as at November 2009 then amended monthly - cells amended in July 10 shaded yellow |
| AMENDMENTS | Further information and amendments should be sent to ruth.powell@ypla.gov.uk or cheryl.turner@ypla.gov.uk These are also the contacts if you want more information on who to contact from the sector or at a Local Authority |

| REGION | Total LAs with third sector representation on the Partnership | % of the region's LAs with third sector representation on the Partnership | Total LAs who are actively seeking third sector representation | % of the region's LAs who are actively seeking third sector representation | Total LAs with no third sector representation sought | % of the region's LAs with no third sector representation sought | Total LAs with no information given | % of the region's LAs with no information given | Total LAs for this region |
