Introduction and Background

1. In the Young People's Learning Agency (YPLA) Funding Guidance documents a number of links to external websites are included to assist readers in finding documents that may support the delivery of YPLA funded provision.
2. This document has been designed to update these links during the year as the YPLA do NOT intend to update and re-issue any individual documents simply because of changed web-links. All web-links are only published once, identified by the book reference.
